## Explanation of the 50% Rule for Rank Advancement

Within the structure of the Affiliate Ambassador program, a 50% rule applies. This rule states that, for rank advancement, a maximum of 50% of the sold NODEs can be counted from your strongest leg—that is, from the structure of your personally referred partner with the highest sales volume.

**Example:** To reach the **Country Ambassador** level, a minimum of 100 NODEs must be sold. If more than 80 NODEs come from your strongest leg, only 50 can be counted, as the 50% rule applies. The purchase of 100 or more NODEs does not automatically qualify you for the Country Ambassador rank.
